DISTANCE EDUCATION

INFORMATION ABOUT CDOE - DISTANCE EDUCATION

Bharati Vidyapeeth (Deemed to be University) is an academic institution with social commitment. It has made **high quality education** available to a large number of students through its constituent units.

The University is aware that almost **90%** of the prospective students, belonging to the college going age-group i.e. 18-23 years, do not get opportunities for higher education because of numerous difficulties, such as, residential locations in rural and tribal areas, financial constraints, and other personal time limitations on account of employment or household chores etc. Considering that it is its responsibility to provide educational opportunities to such deprived students – rural, tribal, poor and women population, the University has established the School of Distance Education.

- Besides providing **high quality education** to its students, the School of Distance Education has also certain other objectives such as -
- To promote the culture of **self learning, continuing** and **lifelong learning** in the society.
- To accelerate **individual development** and **personal productivity** through skill development.

DUAL DEGREE

- A Student can pursue two academic programmes, one in full time physical mode any another in Open and Distance Learning (Distance / Online mode; or up to two Distance / Online programmes simultaneously.
- Degree or diploma programmes under Distance / Online mode shall be pursued with only such HEIs which are recognized by UGC / Statutory Council / Govt. of India for running such programmes.
- Degree or diploma programmes under these guidelines shall be governed by the Regulations notified by the UGC and also the respective statutory / professional councils, wherever applicable.

Ever wonder how you can get two degrees at once? That's what a "Dual Degree" program is all about! It lets you study for two different degrees simultaneously, often in completely different fields. The CDOE of BV(DU) gives an opportunity to students to pursue dual degree.

Why choose a dual degree?

Here are some cool perks:

Be a Master of Many! You'll gain expertise in two areas, making you a super well-rounded professional.

Think Outside the Box! Dual degrees encourage creative problem-solving by combining different ways of thinking.

Future-Proof Your Career! The job market is ever-changing, and a dual degree gives you a wider range of skills to adapt.

Design Your Dream Path: With a dual degree, you can tailor your education to your specific interests and career goals. Here at Bharati Vidyapeeth (DU) CDOE, we offer dual degrees that let you explore different areas and specialize in what excites you. This sets you up for success in your chosen field and helps you make a positive impact on the world.

Not all careers are one-size-fits-all! Some, like Human Resources (HR), require expertise in both HR practices & labor laws. A dual degree program lets you pursue two separate degrees, either at the undergraduate or graduate level (think Bachelor's & Master's, or even two Master's!). Many programs allow you to combine degrees from different fields for a truly well-rounded education.
